## National Committeeman Believes Secretary Most Likely to Assure Party Victory

CLEVELAND, Feb. 14. (AP)—Maurice Maschke, Republican National Committeeman for Ohio, today threw his support definitely to Herbert Hoover as the party's candidate for President.

"The Cuyahoga county (Cleveland) party organization almost to a unit believes Hoover the strongest man the Republicans can select for the Presidential nomination," Maschke declared.

"Personally, I believe his nomination most likely will carry the party to victory here this coming fall, so I am going to support the Hoover candidacy."

Maschke's statement set at rest controversy as to whether he would align himself with Hoover or Senator Frank B. Willis in the impending fight for the Ohio delegation to the national convention.

Maschke made it plain that he was speaking at this time for the county organization and himself, but not for the State organization. His position as national committeeman gave him "I have very little knowledge of the Presidential campaign in the State," Maschke said. "I have heard little concerning either Hoover or Willis sentiment, and have not as yet made a survey. Therefore, it would be impossible for me to predict whether the Secretary of Commerce or our own Senator has the edge at this time."

Maschke is the first national committeeman to express his view on the fight between Willis and Hoover, which was brought to a definite issue last week in Washington when the Secretary agreed to let his name be used as a candidate in forming the Ohio delegation to the national convention.

# ARMOR ORDERED FOR BULLFIGHTS

## Believes Prolonged Balloting Will Harm Him

MADRID, Feb. 14. (Exclusive)—Despite protests from both fans and bullfighters, a royal decree issued today makes armor for horses used in bullfights obligatory.

The exact kind of protective covering to be used on the poor horses, which usually are ripped to pieces during a big afternoon in the Plaza de Toros, is left to the discretion of the fighters. Having witnessed tests of various kinds of armor, influential fans think the decree will not deny them their daily quota of blood, regardless of the cause.

The Governor's theory is said to be that if he is elected on the tenth ballot, he will have no hand in directing the action of the anti-Klan plank. If the Smith men control the convention and the Democratic National Committee, the regular soldiers plan to make Frank Hague, the Democratic leader of New Jersey, chairman of the committee.

Col. Lindbergh said he has no intention of giving up experimental flying work. "I don't consider that I am doing hazardous flying in the sense that I have taken unnecessary risks," he said.

"At the outset, when new methods of transportation are coming into use, there must be pioneers to show the way, and some of them are killed. But the ones who do the pioneering are the last ones to think of the hazards."

NEW YORK, Feb. 14. (Exclusive)—Gov. Smith, according to an understanding among his more intimate political friends, will not countenance prolonged balloting in the Houston convention, but on the contrary will withdraw his name on the tenth ballot, if he is not nominated by that time.

The Governor's theory is said to be that if he is elected on the tenth ballot, he will have no hand in directing the action of the anti-Klan plank. This man will never grow old

Full of pep at 60. Never expects to get too old to enjoy life. Has found secret.

He's always astonishing people by introducing a lanky grandiose flapper greatness. For he's one of those men who seem young. With a clear skin, a springy step. And a laugh like a boy's. Actually he's reaching the age when most men think about retiring from business. "Why should I retire?" he asks. "Never felt better in my life. All I ever need to keep well is Nujol. And that's not medicine. He's right. Nujol is a natural substance, perfected by the Nujol Laboratories of the Standard Oil Company (New Jersey). It contains absolutely no medicine or drugs. But it keeps the body functioning normally. For Nujol not only prevents any excess of the body poisons (we all have them) from forming, but also aids in their removal. There's no age limit on Nujol. Doctors put babies on it soon after they're born. School children take it. Mothers and fathers. And the very old folks, too. Maybe you think you feel perfectly well. Perhaps you suspect you don't. Anyway, try taking Nujol and see if there isn't a difference. Take it for 3 months. It can't do any harm to try. And it might do a lot of good. Everyone else who's tried it says so. Be sure you get the genuine.

THOMPSON SAYS  
OHIO FOR SENATOR WILLIS  
COLUMBUS, O. (Feb. 14. (AP)—In answer to National Committeeman Maurice Maschke's endorsement of Secretary Hoover for the Presidency, Senator Willis declared that Willis delegates will be placed in every district of the State. Mr. Thompson expressed regret at the national committeeman's decision to support Mr. Hoover, but declared he was sure of his action. He also declared he could not agree with Mr. Maschke that Hoover is assured of the nomination.

## SETTLERS' NEED FOR AID SHOWN

Reclamation Meeting Hears Address by Work

Change in Policies Urged to Make Irrigation Pay

Mead Says Chief Problem is to Find Farmers

WASHINGTON, Feb. 14. (AP)—The problem of Federal irrigation now before committees of both the House and Senate was taken up today by the reclamation settlement conference called by Secretary Work. The consensus expressed was that the future success of Federal irrigation and public-land reclamation projects will depend upon the adoption of some system of financial assistance for the individual settler, even though this might entail "a radical change in present policies."

Secretary Work in opening the conference said the Department of Interior "took over a wreck" when at the beginning of his administration it assumed the burden of Federal irrigation and reclamation. Now, however, he said, "it is a going concern."

OTHER PROBLEMS REMAIN  
He explained that Federal engineers have made a splendid job of getting water to dry land, but that nothing was done to solve the further economic problems of settlement, development, marketing and co-operation among the settlers.

"The settlers became repudiationists from necessity," he added, "for they could not pay for their farms, but now irrigation is a going concern, the old idea of repudiation has disappeared. The farmers want to own their homes eventually and we have shown them that they can."

Representative Smith of Idaho, chairman of the House Committee on Irrigation Reclamation, cited what he termed a series of blunders in the history of American public-land development.

"In my opinion," he said, "if the Federal government had exercised better judgment in setting up public lands we might have been more prosperous than we are today."

KENDRICK DEFENDS WORK  
Senator Kendrick, Democrat, Wyoming, member of the committee on irrigation reclamation, defended the present government policy and said the problem of reclamation is a double one. The government has proceeded with integrity of action and integrity of purpose in reclamation projects, he said, but actual reclamation of the desert is the work of settlers and the result of years of toil by individuals.

Smith complimented the present administration of the Interior Department although he said the objects strongly to Secretary Work's elimination of the Federal Reclamation Service. Senator Kendrick criticized officials of the department for having disapproved the bill he recently introduced in Congress granting pasture land to holders of irrigated land but defended the government policy in general. He advocated government financial assistance to settlers.

MEAD DISCUSSES PROBLEM  
The Reclamation Bureau is spending \$55,000,000 to irrigate 500,000 acres of land, 200,000 of them require settlers, Dr. Elwood Mead, commissioner of reclamation declared. The great problem of reclamation is to make sure that when works are completed, the land will be settled and the lands will be farmed, Dr. Mead said, adding that costly projects are worth nothing until the land is cultivated. Many of the completed projects are only partly settled, he said.

HOUSES NEEDED, TOO  
"This conference has been called to discuss this situation, to consider whether leveling land and building houses are not as much a part of reclamation as building reservoirs and excavating canals," he continued. The commissioner explained that the Federal Reclamation Act provides for building irrigation works and selecting settlers for the public land, and that if the land is all irrigated and the water all used, the government gets its payments and the irrigators prosper, but if irrigation fails both the government and irrigators lose.

Under the law the Reclamation Bureau lacks authority to help effectively in both settlement and farm development, and for the last three years the limitation of the Bureau's efforts has worried those connected with reclamation, he said. As a result the conference was called in an effort to find a solution.

**Baldwin Faces Inquiry on Rubber 'Leak'**

LONDON, Feb. 14. (Exclusive)—In the House of Commons yesterday afternoon, Prime Minister Baldwin was bombarded with questions concerning the leakage of information last week regarding the government's rubber-restriction inquiry which, it is said, enabled America to make a profit of more than \$5,000,000.

The Prime Minister said the government's announcement, made at 6 p. m. of the 8th inst., was expressly marked for publication in the press of the 9th inst.

If the notice was published in New York the 8th inst. it could only have been a misunderstanding of the terms on which it was issued," he declared. If the terms of issue had been complied with the trouble would not have arisen, he added. Pressed on whether he had tried to discover the nature of the leakage the Prime Minister replied: "I do not know if my friend has attempted to trace a leak; if he has he must know it is a most difficult thing to discover."

"Even a gas leak," interjected a Liberal member.

Application to Buy Lines Filed With Railroad Commission

SAN FRANCISCO, Feb. 14. (AP)—Application to buy stage lines of the Bakerfield and Los Angeles Fast Freight Company, Los Angeles and West Side Transportation Company and the Los Angeles and Santa Barbara Motor Express Company, was filed with the State Railroad Commission here today by the Motor Freight Terminal Company. Shares of stock in the purchasing company, valued at \$100,000 at \$100 a share, would be used in payment, under the terms of the application. Nine hundred shares of stock to each of the first two companies mentioned, and 1800 shares to the Los Angeles and Santa Barbara Motor Express Company are offered.

## Church Hospital Work Increases

CHICAGO, Feb. 14. (AP)—Marked progress during 1933 in the activities of the hospitals, homes and detoxification work board of the Methodist Episcopal Church is shown in the annual report of the secretary, Dr. N. E. Davis, today.

The report tells of the dedication of St. Luke's Hospital, Cleveland, erected at a cost of \$5,000,000; gift of \$2,000,000 to Christ Hospital, Cincinnati, for a new building and nurses' home, and of \$1,000,000 for a medical research laboratory, a gift of \$750,000 to the Methodist Children's Home at Detroit, and the establishment of the Palmer Hospital for Cancer Research at Boston.

"The total property valuation and endowment for all hospitals and homes in the United States represents \$75,000,000, an increase of \$30,000,000 since 1920," the report says.

## BAY CITY MAN QUITS FIGHT ON PARKING LAW

SAN FRANCISCO, Feb. 14. (AP)—Adolph Uhl, business man and recent independent candidate for Mayor, paid a \$10 fine by mail today and dropped his plans to appeal from the recent Police Court action following his arrest for parking too close to a fire plug. Uhl said the plans of the city traffic committee to modify the ordinance applying to parking caused him to drop the fight.

## CHARLES SCHINDLER CONVICTION UPHOLD

SAN FRANCISCO, Feb. 14. The Circuit Court declared there were no reversible questions set forth in the appeal.

## Detective's Aim Gets Bandit Trio

CHICAGO, Feb. 14. (AP)—Detective Sergeant Thomas Cooper, quick on the draw and of deadly aim, failed to "stick 'em up" in answer to a bandit quartet's commands last night, but when the smoke cleared away one robber lay dead, two were wounded, one mortally, while the fourth had fled.

The shooting took place in a South Side restaurant where the sergeant had stopped for lunch. While hanging up his hat and coat the four men entered the place, one of them seizing Miss Blanche Wilson, proprietor, by the throat.

As she screamed, Sgt. Cooper wheeled around, drawing his pistol. The bandit leader dropped to the floor at the first shot. Two others, unarmed, attempted to rush the policeman, but they, too, fell. The fourth man ran.

Takes two to make a fight and Fields and Vines Dundee had a combination at the Olympic last night.

They staged one of the best and fastest bouts in this city in many a moon, and at the end of ten slashing rounds Fields was returned the victor.

There was a hurricane of mingled boos and cheers at Referee Freddie Gilmore's decision, and it looked for a minute as if Kid Herman and Holmy, managers of the loser, were about to stage a tumultuous fist festival. However, they developed but some loose and considerable waving of the

fact that Fields won was made and Dundee two men even doesn't begin to tell the story of the fight. It was the fiercest and the boys set from start to finish of Dundee's body. Fields' lightning thrusts the face with left and right.

## MIRIAM BURNS HORN SETS NEW SUNSET FIELDS MARK

Although defeated by Charles Seaver and Mrs. Gregg Latus in an exhibition match at Sunset Fields yesterday afternoon, Miriam Burns Horn, national women's champion, established a new course record with an 88. Mrs. Horn, paired with Everett H. Seever, president of the Southern California Golf Association.

While his dad was waging a losing battle on the greens, the junior Southern California champion shot a 78. Mrs. Latus's card showed an 84, making an aggregate of 162. The Southland

press's poor play on the greens ate him as 83.

## RABBIT PUNCHES

**PAUL LOWRY**

THERE are any number of fights on the calendar this month that particularly interest Los Angeles fans. First of all, of course, is our own heavyweight brawl between "Black Shadow" Godfrey and "Upside Down" Uzcudun. Then there is the Ace Hudkins-Sammy Baker scrap in New York Friday night, the McLarin-Terris bout in the same city the 24th inst. and a couple of lesser engagements.

The Godfrey-Uzcudun struggle has assumed, such importance that the boys are fighting over the motion-picture rights whereas there was no thought of such a thing when the match was in the early stages of the making. The Hudkins-Baker bout will mark the third meeting of these boys. It is the rubber match, Baker having stopped Hudkins the first time with Hudkins almost duplicating the trick at Wrigley Field. These boys fought so blood-thirstily and so viciously in their other two fights that it's a cinch neither one is likely to recuperate from the third fray in time to furnish Joe Dundee, the welterweight champion, with a stiff argument.

**A year ago some of the local scribes were riding Jimmy McLarin into the tank towns as a fighter. They said he had lost everything—footwork, headwork and boxing skill. They had praised him as a coming champion in his early days, but they were convinced he had shot his bolt.**

## AMATEUR RING TITLES TO BE DECIDED HERE NEXT MONTH

The annual Pacific Coast amateur boxing championships will be decided at the Olympic Auditorium March 14 and 15, it was announced yesterday by Charles Keppen, athletic director of the Los Angeles Athletic Club, under whose auspices the tourney will be staged.

In addition to deciding the titles, holders in all classes, the bouts this

year will serve as Pacific Coast trials for the Olympic Games. The winners will be sent to Boston to compete in the nationals April 23, and the winners there in turn will represent the United States at Amsterdam.

Los Angeles sent three boxers to the Olympic Games in 1924, and they

## Trojan Relay Teams Named by Cromwell

Dean Cromwell, track coach at the University of Southern California, yesterday picked his baton-passers for the annual A.A.U. relay carnival to be staged Saturday at the Coliseum. The relay races between Cromwell's Trojans and athletes representing the Los Angeles Athletic Club are likely to be the class of the meet as the rival teams number most of the real runners in this neck of the woods.

Ellsworth Patterson, Bill Woodruff, Jim Hussey and Bryce Schurr will perform for the Trojans in the four-mile event. The first two are sophomores and loom as two of the best long-distance runners to enter U.S.A. in years. These milers have their work cut out for them

Whittier dropped the opening game between the two teams last Saturday, the score being 27 to 26. This was the biggest upset of the Southern Conference season, and Coach Ray Johns has been working his tossers overtime in an effort to prepare them for this week's encounter.

Occidental is reasonably assured of no less than a tie for the title right now, while should the Tigers win Saturday night's game they will cop the championship all by themselves, regardless of how the remaining contests come out.

## DR. PELTZER'S NAME TO BE INSCRIBED ON RODMAN CUP

NEW YORK, Feb. 14. (AP)—Dr. Otto Peltzer heads the list of three athletes whose names will be inscribed on the Rodman Wanamaker international trophy as a result of being voted the outstanding performer of the Millrose track-and-golf meet the 2nd inst.

The Millrose A. A. made public today the results of balloting by a special committee which gave Dr. Peltzer 13 points, Lloyd Hahn of the Boston A. A. 7, and Pinous Eber of New York, 6.

Peltzer, whose victory in a 1000-yard race was the sensation of the meet, is the third foreign star in four years to head the select group. Paavo Nurmi in 1925, and Charles Koff, Norwegian pole vaulter, in 1926, were the others.

## PAULINO AND GODFREY NEED HEAVYWEIGHT SPARRING FOES

Heavyweights—good, bad and not so good—are in demand here in Los Angeles now. Every available big fellow who wants hard work for the money will be shipped to either Paulino or Godfrey.

George Godfrey is training to fight Paulino in a match which will be held at the Alhambra on Saturday night.

Paulino is a Spanish boxer, who is housed in the Alhambra. He is a very fast fighter and is very popular with the fans.

PAULINO

"Godfrey walks ten miles every morning and chops wood for two or three hours besides his heavy training in the ring," says Callahan. "I haven't seen Paulino, but I do know that Godfrey will be in shape when they meet at Wrigley Field. He needs some sparring partners so he can cut loose."

The Spanish managers of Paulino—at least those who are already here—have decreed that the Easque will do no boxing until late this week, maybe not until Sunday.

Paulino weighs only 194 pounds now and he will keep this poundage for Godfrey. He is fit to go into the ring today. His managers say he is not a rough fellow to train with, but likes plenty of speed.

MARTINEZ TO RANCH

Hilario Martinez, who boxes Tommy O'Brien at the Olympic next Tuesday night, worked at the Manhattan gymnasium yesterday and will go to Eastanbury today to complete training. Two sparring partners, Frankie Forbes and Jimmy Carter, will be dispatched to the ranch to work with Martinez.

Martinez is a rather shakily-looking Spaniard. He reminded the gymnasium crowd of Sammy Mandell. He has not been well for the last month while in the East, but is rounding into his old form again.

Baby Sam Soria, the San Bernardino Mexican, has been signed to box Jimmy Pyle in the semi-main event to the Martinez-O'Brien show.

The young Basques of Los Angeles yesterday organized a routing and will attend the Paulino-Godfrey fight in a body. All will wear white basca caps—the native headgear of Paulino.

## WELTERS STAGE LIGHTNING BOUT

(Continued from First Page)

of the terrific surges of fighting in which first one and then the other surged out in front, and of the clean and scientific manner in which both boys battled.

Fields was at peak form. He never fought better in his life. The rounds won by Dundee were captured by reports to an unflinching and steady close quarters. The remainder of the fight Fields managed to hold his own pretty well in the infighting and pick up a good margin with his speedy left hooks and right crosses to the head as longer ranges.

Fields is the first boy who has appeared Dundee on the mat in a Los Angeles ring when the latter elected to lie back on the ropes and attempt to bend his head out of reach.

## DUNDEE KEEPS COMING

Fields did this and other smart things, and he did it against a boy who has made suckers out of nearly everybody else he has tackled in California rings.

That shows how smart Fields was last night. And yet, there never was a minute when he could slacken the terrific pace with the comforting thought that he had the fight won.

Dundee was coming—always coming—and a terrific punching rally ended him a substantial margin in the ninth round. Had he been able to do the same thing in the last round there would have been even more boys at the referee's decision for the Italian boy had plenty of supporters in the well-lit house, and they were pulling hard for Vince to win.

That he did not win is no disgrace to him. He might turn the tables next time, but it was Fields' night last night because the Jewish boy was beating his rival to the last minute, and he kept it working overtime.

Dundee outwrestled Fields 144 3-4 pounds to 140 1-2, but apparently this superiority in weight did not bother the victor.

## BLAKE EASY WINNER

The semi-wind-up saw Billy Blake win an easy six-round decision over the veteran, Johnny Heiser.

After being knocked down three times in the first two rounds, Tom Moore copped the verdict over Oliver Wright in the six-round special.

The opening four-rounders resulted as follows: Elias Contare defeated Michael Holland, and Johnny Cruz won from Ray Billbois.

Jess McMahon Plans Fight for March 30

Scrap Hinges on Champion's Early Reinstatement

NEW YORK, Feb. 14.—The winner of the New York boxing title, Jess McMahon, today announced that he will fight Dundee in a match which will be held at Madison Square Garden on March 30.

McMahon, who is a former champion, has been suspended from boxing since he was defeated by Dundee in a fight which was held at the Alhambra on Saturday night.

McMahon had been fighting with Dundee in a series of fights which were held at the Alhambra. He had won three of these fights, but he had also been defeated twice.

McMahon's manager, Joe Smith, today announced that McMahon will fight Dundee in a match which will be held at Madison Square Garden on March 30.

## Pittsburghers All Signed Up

PITTSBURGH, Feb. 14. (AP)—All the members of the Pittsburgh Pirates, including Pitcher Burleigh Grimes, have written their names on the dotted line of their 1928 contracts, said an announcement today by the club's management.

The first squad of the National League champions—the battermen—will leave Thursday for the Paso Robles (Cal.) training camp.

## TROBABLES WIN OVER COMPTON

Combined Junior College and High Squads Beaten by Frosh, 76-37

Scoring clean sweeps in three events, and taking all but two first places, the U.S.C. frosh track team easily defeated the combined Compton Junior College and High School squads, 76 to 37, yesterday afternoon in an informal practice meet on Bond Field. No official points were kept, but the frosh unofficially took the honors.

Kilne won both weight events for the frosh, and Schulte took first place in both hurdles. Coaches Dean Cromwell and Tommy Davis kept Dick Wenner, the former Bruiser, out of the 100, but turned him loose in the 200, and he answered with a nifty 22.4 effort. Note Tucker, former Santa Monica speedster, topped the century in the 400.

Williams of Compton turned in a neat quarter-mile in 2:38.4, and Van Odel took the other first place in the high jump at 5 ft. 10 in. The Comptonites also were awarded first honors in the four-man half-mile relay when the frosh were disqualified when Wenner stepped over the line.

The results:

# CHUCKLES from LIFE

"Now, just another job behind your ear."

**Talking It Over in 1880**  
 "If you don't accept him you'll probably be an old maid. You're not getting any younger. Twenty your next birthday. Who wants to marry a girl twenty-two or twenty-three? You can't afford to wait any longer. He's forty years old. You couldn't ask a better age. You'll look his age when you're twenty-five. For the next five years you'll look younger than he does. Five wonderful years. He earns thirty dollars a week. You could live in luxury. And he has a horse and buggy. I don't know what's the matter with the girls nowadays. In my time a prize much it hurt?"

**He Wanted to Be a Hero**  
 "I am afraid this is going to be rather painful, my little man," said the dentist kindly. "Want to take gas?"  
 "Not much, I don't," replied the youngster in the chair. "If I take gas, how can I tell the fellows how nowadays. In my time a prize much it hurt?"

## BURNS DENIES OIL JURY GUILT

Contradicts Government's  
Star Witness

Knew His Detectives Were  
Doing Surveillance

Five Senators Vouch for  
His Character

WASHINGTON, Feb. 14. (P)—A vigorous denial of any connection with the Fall-Sinclair oil jury surveillance scandal by William J. Burns and a complete contradiction of the testimony of William J. McMullin, the government's star witness, developed today in the criminal contempt proceedings against Harry F. Sinclair. Burns and his three associates, Burns taking the stand after five United States Senators, Shortridge of California, Watson of Indiana, Moses of New Hampshire and Copeland and Wagner of New York, had vouched for his good character, testified that he knew nothing of the plot to shadow the oil jury. He denied indignantly that he had told McMullin to "stick to his story" before the grand jury or had praised his work. McMullin, working under the name of Long as a Burns operative, informed the government of the detective's activity and said false reports and a false affidavit he made were intended to be used to bring about a mistrial in the oil case. This was done, McMullin said, at the direction of Charles O. Ruddy, who was in charge of the jury surveillance. Burns testified he did not know of the affidavit until six days after it had been made, while Ruddy branded McMullin's entire story as an "absolute lie." Ruddy testified McMullin peddled his expense accounts and when he learned of it he sent the detective back to Philadelphia. McMullin admitted on the witness stand that he had used the false sections of his reports to cover false expense accounts.

## Lumberman Dies as Log Explodes

SEATTLE, Feb. 14. (P)—An explosion of a log, caused when it was hauled from a steam vat in a veneer plant into the cold outer air last night caused the death of Nelson H. Smith, 53 years of age, at the Elliott Bay Mill Company.

"This is the first time in the history of lumber industry in Seattle that a man has been killed under these circumstances," Deputy Coroner Johnson said.

## FLAPPER GOES INTO LIMBO

In Her Place Comes Poised, Soft-Toned, Sensibly  
Costumed Girl, Say Junior Leaguers

CHICAGO, Feb. 14. (P)—Gone is the flapper! In her place has come the young woman with poise, soft-toned and correct speech, soberly costumed and with hair. Such are the specifications of Miss 1928 as set forth in the current number of the Junior League Magazine, national organ of the younger social set of thirty-five American cities.

Results of a nation-wide survey by the Junior League show the flapper has sung her swan song in the North, South, East and West.

"Those hard-boiled little things with shaved necks and no underwear have gone completely out of style," says Mrs. Alexander Kirk, an active Chicago Junior Leaguer.

"This year the style in young girls is to be quiet, conservative and terribly in earnest about careers."

The article, written for the magazine by four leaguers from four corners of the nation, says in part:

"The flapper was a post-war reaction. Her hair overnight resembled a Hottentot's, her skirts ended about her knees; she sneaked her brother's cigarettes, and wore like a trooper. She chewed gum—great wads of it—vigorously and incessantly. Her make-up was as crude as a clown's. She was supposed to be a 'rock artist,' 'boogie hound,' and 'human smoke-stack.'"

"The flapper wasn't half so sophisticated as the present-day girl, smoother, more polished. Young 1928 uses more subtle methods, that is all."

"She wears black satin instead of crepe; she blends her rouge evenly."

## INDIANA BRIBERY STORY RELATED

Gov. McCray's Aid Testifies  
in Gov. Jackson Trial

INDIANAPOLIS, Feb. 14. (P)—The story of the asserted effort to bribe Gov. McCray in 1923 to name James E. McDonald as Marion County (Indiana) Prosecutor, was told the jury in the trial of Gov. Jackson here today. The indictment on which Gov. Jackson was brought into court charges him with having had a part in the asserted bribery attempt.

Introduction of testimony followed a sensational flare-up by D. O. Stephenson, former Grand Dragon of the Ku Klux Klan, brought from prison where he is serving a life sentence for murder, to be the State's first witness. He suddenly took a notion not to testify until he talked with attorneys. He will be given another chance tomorrow.

Facts relating to the asserted attempt by Jackson, George V. Coffin, Marion county Republican chairman, and others to bring about McDonald's appointment by using \$10,000 as the bait and a promise of immunity from conviction on embezzlement charges then pending against McCray were told by Fred Robinson, Indianapolis. Robinson, who was McCray's political campaign manager, was still on the stand when court adjourned until tomorrow.

IT BANISHES THAT DEADLY MONOTONY

## Adds Zest to Meals

THREE HUNDRED and SIXTY-FIVE DAYS A YEAR

HOW often have you asked your family, "What would you like for dinner tonight?"

Planning three meals a day, three hundred and sixty-five days a year, may be a most interesting game, or may result in a deadly monotony of regular foods.

The housewife with a General Electric Refrigerator in her kitchen has the means for making an almost endless variety of new and tempting dishes. In just one chapter of Alice Bradley's new General Electric Recipe Book are listed twenty-seven different flavored frozen desserts!

Even a plain salad becomes crisper and more delicious when chilled in the cold, dry, snow-white depths of a G. E. Refrigerator.

Think how the children would love hot chocolate with frozen whipped cream on top! A hundred—a thousand—ways to add new joy to three meals a day, three hundred and sixty-five days a year.

## GENERAL ELECTRIC Refrigerator

### You Need One

Of course you would like to have one. And why shouldn't you? An electric refrigerator is truly a modern necessity. You will use it every day, all day long, just as you do your hot water heater. In no sense is a G. E. Refrigerator a non-essential luxury.

Its dry, constantly-cold air eliminates food spoilage. It costs less to operate than you now pay for ice, saves your time, promotes the health and happiness of your family, and makes entertaining easier and more successful.

### Quantity Priced

Many people imagine that General Electric Refrigerators are prohibitively high in price. Years ago all electric refrigerators were very costly because only a few were made and they were

very complicated. But the new G. E. is amazingly simple. And it is priced on a quantity production basis.

### Lasts a Lifetime

If its cost is apportioned over the length of time you will use it—ten, twenty, thirty years—it amounts to only a few dollars a year.

And as an index of how long it will last, the General Electric Refrigerator is guaranteed for two years. Compare that with the usual 90-day automobile guarantee.

### Easy to Buy

If you prefer to buy your G. E. Refrigerator out of income—the modern way to invest money—we have a very unusual easy payment plan. A moderate down payment is required. The balance can readily be absorbed in your budget.

### Before You Buy

Before you buy, you owe it to yourself to examine carefully all makes. Notice how quiet the General Electric is. Observe its quality, thick insulation, sturdy construction. Note the large shelf area.

And see how convenient it is—the wide roomy doors, the interior unobstructed by partitions, the graceful legs which make it easy to clean underneath. And all free from pipes and drains and exposed machinery, with nothing to oil or care for.

### Perfect for You

We know the General Electric Refrigerator will satisfy you in every particular. Plan now to have this twentieth century electrical servant in your home. Visit one of our showrooms this week (open evenings.) Pick out the model that suits you best. Then when you are ready to buy there will be no delay.

## DRY WORK FUND FIXED BY HOUSE

Prohibition Bureau Allotted  
\$12,790,000 for Year

Coast Guard Awarded Sum  
of \$28,640,000

Several Wet Amendments  
Fail of Passage

WASHINGTON, Feb. 14. (AP)—After a series of unsuccessful efforts by "wet" members to restrict prohibition enforcement, the House today approved its Appropriations Committee's recommendation of a \$12,790,000 allotment for the Prohibition Bureau's activities during the fiscal year, beginning next July 1.

Approval without change was given also to an appropriation of \$28,640,000 for the Coast Guard, part of it to be used in carrying on that service's warfare against rum runners.

**LINTHICUM MOVE LOST**  
Among the amendments rejected by the House was one by Representative Linthicum, Democrat, Maryland, which sought to prevent use of Prohibition Bureau funds in supervising the withdrawal of industrial alcohol from warehouses. It was defeated, 267 to 39.

Representative La Guardia, Republican, New York, who assailed the diplomatic immunity which enables foreign diplomats to bring liquor into the United States, failed in two attempts to raise the amount for the Prohibition Bureau, once to \$25,000,000 and again to \$75,000,000. La Guardia contends that prohibition cannot be enforced, and has asked dry leaders whether they favor appropriating as much as \$200,000,000 a year for enforcement activities.

**DENATURED ALCOHOL BLAMED**  
During an hour's debate on his amendment Linthicum, who is chairman of the unofficial House committee on the modification of the Volstead Act, asserted denatured alcohol is "poisoning American citizens," and constitutes a menace to human life.

La Guardia, despite his views on prohibition, joined with Representatives Crampton, Republican, Michigan, and Black and Blanton, two Texas Democrats, however, in upholding denaturation by the bureau as a proper method of enforcement.

Chairman Madden of the Appropriations Committee, who was in charge of the Treasury supply bill in which the Prohibition Bureau and Coast Guard funds were included, also opposed the Linthicum amendment, characterizing it as a "subterfuge." He added that although he is a "wet," the prohibition law "is here and will be enforced regardless of what Maryland may think."

## JAIL PUTS UP S.R.O. SIGN

More Than Hundred Vagrants  
Turned Away Because  
Cells Are Filled

Although 180 asserted vagrants appeared before Municipal Judge Gray's sunrise court yesterday, only eighty-one of them could be accommodated in the City Jail and the others had to be released. The cells are all full, 2160 prisoners now being incarcerated, and vagrants will either have to be kept out of Los Angeles or to be allowed to regain at liberty, according to the chief jailer.

## LONGWORTH BACKS RULE BY PARTIES

Speaker of House Voices  
Hope Nation Will Avoid  
Any Bloc Arrangement

NEW YORK, Feb. 14. (AP)—Responsible party government is the backbone of the United States and any departure from that system would lead to anarchy, Nicholas Longworth, speaker of the House of Representatives, told the National Republican Club at its Lincoln Day dinner.

"My experience has convinced me more and more that the safety of the nation depends upon responsible party government," he said. "I believe that it would be disastrous for the United States to adopt, even in the slightest degree, the group or bloc system, with its numerous parties, which is the bane of Europe today."

"The House," he continued, "has a system of responsible party government and has pretty well solved the problems it has had to handle. Another body, for which I have the highest respect, has no such system, and so it has done nothing."

## Miss Spreckels Finds Marriage Proves Costly

SAN FRANCISCO, Feb. 14. (AP)—Mrs. Alma Spreckels Rosenkrantz today was granted a monthly allowance of \$5000 from the estate of her father, the late Adolph B. Spreckels. The action was taken in Superior Court after Mrs. Spreckels had testified that as she is married now she no longer can live on the \$2000 a month previously allowed her.

As Miss Spreckels the petitioner showed Feb. 14, last, with John Newton Rosenkrantz, a real estate man, she was 18 years of age and he 22.

Senate Contest May Depose  
Johnson for Phipps

Coloradoan's Bill in Favor  
With Dam Advocates

Compromise Measure Avoids  
Swing-Johnson Shoals

WASHINGTON, Feb. 14. (Exclusive)—A sharp contest in the Senate Irrigation Committee with a possibility that sponsorship of Boulder Dam legislation will be taken out of the hands of Senator Johnson of California was forecast today, following introduction yesterday by Senator Phipps of Colorado, committee chairman, of a compromise bill drafted by Francis C. Wilson of New Mexico and L. Ward Bannister of Colorado.

The committee starts executive sessions on Boulder Dam next Monday and Senator Phipps made it plain today he will use his influence as head of the committee to have the main features of the compromise measure incorporated in any bill reported out to the Senate.

"I think," he said, "that this new bill meets most of the serious objections that have been raised against the Johnson bill and should be accepted by all interests. It is not in exact accord with my own views on the Boulder Dam question but something of the kind will have to be adopted if the project ever is to receive approval of Congress."

**PLAN WINS SUPPORT**  
Several other Senators on the committee privately expressed support of the Johnson bill and indicated they would stand with the chairman in asking for its adoption. There was comment to the effect that Senator Johnson may block passage of any Boulder Dam legislation if he insists upon obtaining committee approval for his own bill just as it stands, and from one committee member came the suggestion that in such event a vote would be demanded on the question of having the Phipps bill supplant the Johnson measure entirely.

Those immediately associated with Senator Johnson in the Boulder Dam situation have resisted the compromise bill, both at the Capitol and in the conferences between Colorado River states being held at the Interior Department, but in the latter place, too, the new bill has found considerable support.

The compromise sponsored by Phipps differs from the Johnson bill in the following major particulars:

**NEW BILL'S PROVISIONS**

(1) Provides that the estimated \$30,000,000 necessary for purely flood control shall be supplied by the government without interest.

(2) Sets up an advisory board composed of one representative of

## BISHOP EXTOLS FLAPPER SAINTS

Episcopalian Prelate Asserts  
Short Skirts No Bar  
To Upright Life

NEW YORK, Feb. 14. (AP)—There are "many flapper saints in short skirts," in the opinion of Rt. Rev. James H. B. Darlington, bishop of the Harrisburgh diocese of the Episcopal Church.

He told an audience here not to judge by outer appearances.

Each of the three lower-basin States, California, Arizona and Nevada, to sit with the Secretary of the Interior and look out for lower-basin interests.

(3) Provides revenue for Arizona and Nevada out of surplus earnings, a third of such earnings to be divided equally each year between the two States. This would "after amortization, interest and maintenance charges had been taken care of."

(4) Provides that the power developed at Boulder Dam shall be developed under the terms of the Federal Water Power Act, with States, municipalities and private interests having the option, in the order named, of building and operating the power plant, and the government constructing the plant only as a last resort.

(5) Provides for a seven-State compact if it can be obtained within one year; if that proves to be impossible, a six-State compact, provided California be one of the six States ratifying.

Each of these proposed changes, Senator Phipps declared, "eliminates tons of opposition and I shall ask the committee to accept every one of them either as they appear in the bill I have introduced or in modified form."

State Senator Favor of Arizona arrived today to join the conference at the Interior Department. This makes four of the eight Arizona River Commissioners in Washington, although to the two from the State of Arizona, Thomas Maddox, have refused to take part in the compromise negotiations.

Michael Murphy is the fourth and he has been attending the conferences since the start. Favor refused to comment on the attitude of Gov. Hunt or the general Boulder Dam situation in his State.

## DODGERS OF STATE AUTO TAX HUNTED

Arrest of Thousands Who  
Have Failed to Pay 1928  
License Ordered by Snook

SACRAMENTO, Feb. 14. (Exclusive)—Frank G. Snook, chief of the State Division of Motor Vehicles, today ordered a State-wide search by traffic officers to locate the thousands of 1928 motor license tax dodgers.

Traffic officers have been instructed by Snook to stop every car bearing a 1927 license, and only those drivers who can produce proof of application for the 1928 plates will be permitted to proceed.

"The officers have been ordered," said Snook, "to impound all tax dodgers' cars and to impound their cars until their owners have forwarded the application and double fee required as a delinquency penalty."

"A special squad of officers has been assigned to isolated districts of the State where large numbers of motorists are known to have disregarded the repeated warnings of the division to stop early for plates."

"In common justice to those motorists who have obeyed the law we must see that every car owner pays this very small fee. Delinquent motorists should not hesitate to forward their applications for plates, even with the double fee \$6, it is cheaper than risking arrest and possible impounding of their cars."

## Bandits Pose as Customers and Rob Bank

COURTLAND, Feb. 15. (AP)—Harvey Warren, cashier of the Bank of Courtland, and two women assistants, Miss Doris Fisher and Miss Margaret Weidemann, were forced to stand with their hands in the air this afternoon while two unmarked bandits held up and robbed the bank of between \$7000 and \$8000.

Calmly entering the bank as customers the two men flashed guns as they stepped through the doorway and ordered all three employees to "stick 'em up."

After scooping up all money in sight, they shoved Warren and Miss Weidemann into a vault, shut the door and made a dash. Warren threw open the door and opened fire on the men as they were leaving the bank. He fired one shot at them in the doorway, one as they passed the windows of the bank and two more as they sped up onto the levee and headed for Sacramento.

## Two Skiers Die as French Gale Causes Slides

PARIS, Feb. 14. (AP)—Two skiers perished in an avalanche a mile long near Chamberg, Savoie, caused by one of the series of recurrent storms now general over France.

Violent western gales interrupted navigation and fishing. Channel, Atlantic and Mediterranean ports today were full of steam-bound shipping.

Torrents of rain accompanied by gales caused flood waters to rise. The town of Cher in Normandy was partially inundated. The River Orne and its neighbor, the Vire, are rising rapidly.

The Seine and Marne rivers also are swelling, causing anxiety in the suburbs of Paris. The rivers Saone and Cruze threaten to leave their banks unless there is a steady improvement in the weather, of which the weatherman gives no hope.

## SENATE FIGHTS OVER UTILITIES

Investigation Debate Rages  
for Four Hours

Vote May be Taken Today on  
One Amendment

George Supports Inquiry by  
Trade Board

WASHINGTON, Feb. 14. (AP)—For more than four hours today the tide of battle over the Walsh public-utilities investigation resolution ebbed and flowed in the Senate with its supporters still unwilling to fix a debate hour for a final test of strength.

Debate appeared to be drawing rapidly to an end, however, and leaders hope to reach a vote early in tomorrow's session. This will come not on the Walsh resolution itself, but on the amendment of Senator George, Democrat, Georgia, to have the inquiry conducted by the Federal Trade Commission instead of by a special committee to be elected by the Senate.

**MAY PREVAIL TODAY**

Proponents of the George proposal believe it will prevail by a narrow margin and if that proves to be the case the Senate will be expected to adopt the amended resolution, although in the running fire of debate a number of Senators have indicated their disapproval of any further investigation of the utilities industry.

Senator George opened debate today by speaking for more than two hours, and was followed by Senators Norris of Nebraska and Blaine of Wisconsin, Republican Independents, who vigorously supported the inquiry proposed by Senator Walsh, Democrat, Montana.

**"POWER LOBBY" HIT**

The Federal Trade Commission, and the "power lobby" again came in for scathing attack on both sides of the chamber and the prediction was made by Senator Norris that a Senate inquiry would show that Samuel Insull, Chicago utilities official who built so large in the case of Senator-elect Frank L. Smith, was not the only power in the electrical industry who contributed freely of their funds to control elections.

Senator George inveighed against a Senate inquiry, declaring that it would do harm to the industry and accomplish no real good. He warned that if Congress undertook to control the rates on the 7 per cent of electric energy transmitted in interstate commerce it would find that ultimately the Federal regulatory body would raise intrastate rates just as the Interstate Commerce Commission has done in the case of interstate freight rates.

**CHANGE OPPOSED**

The Georgian, who frequently was interrupted from the Democratic side, said he held no brief for the Federal Trade Commission, but that he would say that its inquiry into the utilities industry ordered three years ago by the Senate had been thorough and had been rather critical of the industry itself.

Senator Caraway, Democrat, Arkansas, interrupted at one point to say that proponents of the Walsh plan of inquiry appeared to want a government by propaganda and to hold over the heads of all industries the threat of the unfavorable publicity that might follow from Senate inquiries.

Senator Norris insisted that if the George amendment were approved there would be no investigation, as the Attorney-General has held that such inquiries as this proposed are without the jurisdiction of the commission.

**Failure of Farm  
Relief Charged  
Its Proponents**

WASHINGTON, Feb. 14. (AP)—The even tenor which has marked recent farm-relief hearings of the House Agriculture Committee was blasted today by charges that political machinations and antagonism between farmers' organizations were delaying legislation.

Two members of the committee, Andress, Republican, Minnesota, and Kincheloe, Democrat, Kentucky, joined in assailing the American Farm Bureau Federation and the National Grange for not uniting behind a farm-relief program. At the time Louis J. Taber, master of the National Grange, was testifying on behalf of the Ketchikan export debenture plan; and he agreed that these farmers' organizations were partly to blame for the present deadlock because of their failure to get together.

Taber said the farmer "is going to get relief just as soon as leaders of farm organizations forget politics and selfishness."

## Morrison Raps Injunction Right

WASHINGTON, Feb. 14. (AP)—Carrying on the fight of labor unions' endorsement of the Shipstead bill to restrict the injunction powers of the courts, Frank Morrison, secretary of the American Federation of Labor, declared today at a Senate hearing that the wage earners of the country "are subject to the moods and economic viewpoints of judges who are responsible only to their conscience."

"Other groups of citizens," he told a Judiciary subcommittee, "are unhindered in the enjoyment of rights that are clearly defined in the Constitution and statutory enactments."

"We submit," he continued, "that present conditions exact property at the cost of human rights and human values."

## House Adopts Buildings Bill

 La Buena Punteria de un Detective  
 Da al Traste con Tres Bandidos  
 CHICAGO, Febrero 14.—El sargento  
 de detectives Thomas Cooper, listo

 y manejarlo con mortal punteria,  
 se refugio anoche a levantar las manos  
 cuando tal ordenaron cuatro  
 asaltantes de un café, pero, después  
 el humo de la pólvora, pudo verse  
 que yacia muerto uno de los bandidos,  
 que dos estaban heridos, uno de ellos  
 mortalmente, y que el cuarto  
 habia picado soleta rápidamente.  
 La trapiesta ocurrió en una restauran-  
 te de la calle de la Unión, donde se  
 encontraba el sargento. Estaba colgado  
 en el perchero su sombrero y  
 de él, al salir, cayó el sombrero y  
 el sargento se echó a reír.  
 Como ésta lanzara un grito, el sargento  
 Cooper giró sobre sus talones,  
 al mismo tiempo que empujaba su  
 pistola. El jefe de los bandidos cayó

 Da al Traste con Tres Bandidos  
 CHICAGO, Febrero 14.—El sargento  
 de detectives Thomas Cooper, listo  
 como el que mas para sacar el revolver  
 y manejarlo con mortal punteria,  
 se refugio anoche a levantar las manos  
 cuando tal ordenaron cuatro  
 asaltantes de un café, pero, después  
 el humo de la pólvora, pudo verse  
 que yacia muerto uno de los bandidos,  
 que dos estaban heridos, uno de ellos  
 mortalmente, y que el cuarto  
 habia picado soleta rápidamente.  
 La trapiesta ocurrió en una restauran-  
 te de la calle de la Unión, donde se  
 encontraba el sargento. Estaba colgado  
 en el perchero su sombrero y  
 de él, al salir, cayó el sombrero y  
 el sargento se echó a reír.  
 Como ésta lanzara un grito, el sargento  
 Cooper giró sobre sus talones,  
 al mismo tiempo que empujaba su  
 pistola. El jefe de los bandidos cayó  
 al suelo del primer tiro. Otros

HEAVE HO! and Mister Clarke, Palmer and Driffield are doing their best. (Just a chance situation that pictures these lovely miles kept gleaming white each day with Pepsodent.)

**Teeth Sparkle**  
**Like Precious Jewels**  
 When dingy Film is removed new way  
 (FREE 10-day test will prove it)

IN hundreds of thousands of cases it is discovered that teeth thought naturally "off color" are actually dazzling white. A film coat makes them lustreless and dull. When you remove it the new way teeth take on a brilliance that amazes. Gums grow firm and pink.

A simple test proves the great truth of this discovery. A test that stars of the stage and screen have made by scores. It has taught them their most important beauty aid.

A new way in tooth and gum care removes the dingy film that clouds your teeth. A film that absorbs discolorations and keeps teeth dingy. Just run your tongue across your teeth. And you will feel that film. It is the great enemy of pretty teeth and healthy gums.

It clings to teeth, gets into crevices and stays. It forms a breeding place for germs. And germs, with tartar, are the chief cause of pyorrhea and other serious troubles.

Ordinary brushing fails in successfully fighting film. And under film are the clear, whiter teeth you envy.

Now modern science has perfected an effective film combatant, called Pepsodent. It acts to curdle film, then to remove it. It firms and protects gums; beautifies teeth quickly and correctly.

Mail coupon for full 10-day tube to try. Or purchase large tube at any drug store. Note the amazing difference.

**in Estate Plea**  
 SAN FRANCISCO, Feb. 14. (AP)—  
 Ruling that a personal letter is not  
 a will and testament, the State  
 district court of San Francisco today  
 denied Oscar Major, who had de-  
 clared that he had left his estate  
 to an uncle, Arthur Major, who died  
 February 13, 1926.  
 Major had been awarded the es-  
 tate after he produced a letter from  
 his uncle, in which the latter as-  
 sured he would make his nephew  
 his only heir.

 PASADENA, Feb. 14. (Exclusive)—  
 Adolph Ochs, owner of the New  
 York Times, and Mrs. Ochs, were  
 guests of honor this evening, with  
 Mr. and Mrs. Isaac Gimbel as host  
 and hostess at a St. Valentine's Day  
 dance at the Hotel Huntington. Mr.  
 and Mrs. Gimbel's other guests were  
 Mrs. Milton Ochs, Mr. and Mrs. Bert  
 Printz and Mrs. Rosenthal.  
 Three hundred persons partici-  
 pated in a brilliant entertainment and  
 applauded a program of songs and  
 dances presented under the direction  
 of Miss Marjorie Day on a stage set  
 as an old-fashioned Valentine. James  
 Burroughs, tenor, as Pierrot, and the  
 Kooloff dancers appeared in several  
 numbers. Feature of the evening  
 was the pageant of the lovers of history  
 and literature, in which the  
 younger guests of the Huntington  
 took part.

 dos hijos por el resto de sus vidas,  
 siempre que se comprometiera la se-

 Al interrogarse sobre el testimo-

 que había tratado de moderar los ha-  
 bitos intemperantes del coronel, en  
 bien de la salud de éste, contestó el  
 coronel que era ella quien bebía dia-

 terreno social, y que la señora no  
 manejaba sus asuntos de negocios.

## DATES SET FOR ORATION FINALS

(Continued from First Page)

will receive \$25 in cash; second, \$15, and third, \$10. The winner of The Times finals will receive \$500. The student placing second will receive \$250; third, \$100; fourth, \$50; fifth, sixth and seventh, \$25 each.

The eight students winning the state finals and who participate in the national contest will be given a ten weeks' trip to Europe with all expenses paid. The national winner will receive a handsome loving cup. A similar award will be made to the winner of the international contest.

Because of the number of questions that have been pouring into his office relative to the subjects on which the students entering the fifth National Oratorical Contest must base their orations, Prof. Alan Nichols, director of the contest for the Pacific Southwest, yesterday, outlined the various ways in which the subjects can be treated.

He pointed out that while the orations must deal with the two subjects, "The Development of the Constitution" and "The Present Significance of the Constitution," there are a number of subtopics which these subjects naturally suggest.

SUBTOPICS SUGGESTED

Under "The Present Significance of the Constitution," Prof. Nichols lists the following subjects:

(1) "The Constitution and Human Character."

(2) "The Federal Government's Flood Control Obligations Under the Promote the General Welfare Clause of the Constitution."

(3) "A Presidential Year's Emphasis on the Implied Constitutional Obligation to Vote."

(4) "A Representative Government Plan of the Federal Constitution and the Present Day Direct-Government Plan in Operation in Some of the States."

(5) "The Present World Significance of the Constitution in View of the Strength of the Nation Which It Has Fostered."

(6) "The Constitution as the Bedrock of America's Present Day Power and Happiness."

"The Development of the Constitution."

(1) "The Development of the Constitution from Colonial Experience."

(2) "The Development of the Constitution as an Antidote to the Chaos under the Articles of Confederation."

(3) "The Development of the Constitution in the Course of Debate within the Constitutional Convention."

(4) "The Development of the Constitution by Means of the Addition of the Bill of Rights."

(5) "The Development of the Constitution by Amendments of the Constitution by the Bill of Rights."

(6) "The Relationship of the Supreme Court to the Orderly Development of the Constitution."

"In writing on any one of these subtopics," said Prof. Nichols, "the student may still title his oration in any way he sees fit. For instance, under the subtitle 'The Federal Government's Flood Control Obligations,' a student might entitle his oration 'Mississippi Flood Relief,' or 'The Boulder Dam.'"

"I have not attempted to give a complete list of subtopics on which the orations may be written," he added. "The few noted are merely suggestive of similar ones on which orations may be based."

THREE DUTCH NEWSPAPERS WILL SPONSOR CONTESTS

WASHINGTON, Feb. 14. (Exclusive)—Three of the most influential newspapers of Holland, the Nieuwe Rotterdamse Courant, the Nieuwe Vrijheid and the Nieuwe West-Indische Gids, will sponsor the International Oratorical Contest in Holland this year. It was announced at the contest headquarters here today.

The project will be under the direct supervision of Dr. Henrik Nygh, editor of the Nieuwe Rotterdamse Courant of Rotterdam. The students in The Netherlands will discuss Holland's contribution to the development of free government. It is pointed out here that there will be considerable interest in the orations of the strong influence Holland has exerted on constitutional government, both in the United States and England.

During the week of July 29-August 4 the eight finalists in the National Oratorical Contest will be in Holland and will attend the Olympic Games at Amsterdam. Dr. Nygh and his associates have informed the local headquarters that a special program of entertainment will be prepared for the young orators.

## GAS HEATER MAKERS ASK LOCAL TEST

Furnace Ordinance Turns  
Business to Ohio Concern;  
Caltech Offers Services

Proposals to authorize Prof. R. L.  
Daugherty of the California Institute  
of Technology, to test gas furnaces,  
as required by a city ordinance,  
were taken under advisement by the  
Board of Building and Safety Commis-  
sioners after a hearing at the City Hall  
yesterday. A number of local gas  
furnace manufacturers appeared be-

fore the board and requested the  
authorization.  
After listening to the arguments of  
the manufacturers and to Prof.  
Daugherty, who stated the institute  
would be glad to install the necessary  
apparatus for making the tests, the  
commissioners decided to have another  
hearing on the matter Friday.

In pursuance of the ordinance,  
which was passed in December, nine  
Los Angeles makers of gas furnaces  
sent their products to the American  
Gas Association at Cleveland, O., for  
examination, as that laboratory is  
the only one now authorized to con-  
duct the tests. The others are at-  
tempting to arrange for a local in-  
spection because of the expense of  
shipping to Ohio.

**BERKOVA IS ACCLAIMED BY CROWD**

Violinist Wins Audience With Beautiful Tone and Charming Poise

BY ISABEL MORSE JONES  
Frances Berkova, the youthful violinist, who made her debut here two weeks ago as soloist with the Philharmonic Orchestra, achieved a most remarkable success on the occasion of her first recital last night at the Philharmonic Auditorium.

Judging by the size and enthusiasm of this talented girl's audience she had evidently attained a distinct impression on her previous appearance. This served to draw a large and responsive crowd to the first violin recital that she has given here since her return from Europe.

The gifts of Miss Berkova fully merited the reception, the ovations and the flowers that she received, but it was nevertheless a notable tribute for a young musician who was returning to her former home.

Miss Berkova should really no longer be classed with the juveniles. The maturity of her art precludes that. Her violin tone is of that rich and sensuous beauty which has come to be identified with Auer pupils the world over and its depth and richness colors everything that she plays with a glow of beauty.

Her interpretations of such numbers as the Cesar Franck sonata, the Bach Air for the G string, the Paganini Capriccio, a Kreisler number and the Corelli La Folia, which I heard last night, were imbued with poetry and she is at all times a thoughtful, devoted player, possibly quite aware of her shortcomings in intonation and diatonicity of time, but undoubtedly relying on the inevitable future development and sincerity of her art to improve them.

The simplicity of her aim at child-like stage presence and freedom from mannerisms as well as the charming color of her costume added to the pleasure she gave last night and she held her audience through the exacting program to which she generously added several encores, in a remarkable manner.

**He's the Comedy Relief**

Johnny Arthur  
Plaintively posing for his picture, brightens life among the Riffs in "The Desert Song," the operetta at the Mason Theater.

**GUN-TOTER GOES ON STAGE**

On the Orpheum's new bill starting Sunday matinee, Buck Jones, two-gun hero of western screen thrillers, and Herbert Rawlinson, debonair screen lover, will be the double-headline attraction.

Buck Jones' offering will be the remount of the great open spaces when he introduces his horse, Silver, which will appear with him in his vaudeville tour.

**HISTORY IS MADE SIMPLE**

The public and private schools of Southern California are this year more than ever sending the students to the Mission Play at San Gabriel as a part of the education of the growing generation.

**"Nothing to It," Say Producers**

NEW YORK, Feb. 14. (Exclusive) William Fox once more set at rest today the current rumor that he had closed a deal for the rights to a Paramount picture chain in the West.

**Jones Resigns as Manager**

Satisfied that the Hollywood Play House, with which he has been connected for the past year, is a financial success, Robert M. Jones has resigned as business manager of the Hollywood Play House, owing to the pressure of other business activities.

**ROMANDI LAUDED AS MUSICAL CONDUCTOR**

"Music speaks the most universal language, one by means of which the soul is freely, yet vaguely inspired. This proverb, credited to Schumann, has its essence in the type of music being furnished by Dion Romandi, director of the United Artists Theatre.

Musical quality plays a big part in the program offered at the theater. Toward this end Carl Ellner, specially engaged through the courtesy of Fred Miller of the Carthy Circle Theatre, arranges the musical preludes in association with Romandi.

**CHOIR TO SING AT FILM HOUSE**

A choir of eighty-eight voices will make a personal appearance at the Million Dollar Theatre tonight under the auspices of the Turnverein Germania Singing Society.

**FEATURES BOOKED BY PLAYHOUSE**

Metropolitan Attractions Include "Chicago," Satire on Stage Hit

Following the engagement of the Four Marx Brothers at the Metropolitan Theatre, which terminates tonight with new records established for this season of the year, Managing Director Frank L. Newman yesterday announced new attractions for the next four weeks.

Starting tomorrow, Richard Dix will be seen in his latest, "Sporting Goods," a Paramount picture, with Gertrude Olmsted and Ford Sterling.

This is from the stage play, which was directed by Frank Cronin. The story is one of a jazz-crazed wife. The following week, starting March 1, Metro-Goldwyn-Mayer's production of "The Big City" (Chicago) starring Lon Chaney, will be shown.

In the cast are Marceline Day, John Murray, Betty Compson, Virginia Pearson and others. Tod Browning wrote the story and directed it. The story is a gripping one of underworld life, with Chaney at his best. Its production was inspired, doubtless, by the vogue in crook pictures.

**Dorothy Day to Fill Title Role**

Dorothy Day, musical comedy star, has been especially secured by Al Mainelli, Temple officials to portray the title role in "Sally," which opens at the Shrine Civic Auditorium Monday night, according to an announcement by Director Frank M. Katzer.

**Stage Show Is Riot of Color**

Probably nowhere outside of New York could one find a more colorful, more beautiful, more successful stage show than that being offered at the Carthy Circle Theatre.

**ACTRESS DATES HER START FROM OLD HIT**

Florence Roberts, who plays Mrs. Deland in the Henry Duffy Players' production of "Two Girls Wanted" at El Capitan, made her first appearance on the stage at the age of 15 with "The Old Homestead," supporting Denham Thompson, who was the star.

**MAJESTIC MOUNTAINS FRAME WEIRD DRAMA**

Gilda Gray in "The Devil Dancer" is the attraction at Broadway Picture Theatre for a limited engagement. The production is laid against a background of the majestic Himalayas and the mysterious byways of Bombay.

The cast in support of Miss Gray includes Clive Brook, who is the leading male support. Others are Anna May Wong, Michael Vavitch, Sonja Albert Conti.

## STUDIO BEREFT OF CASTING DIRECTOR

## VETERAN IN FILM WORK SUCCUMBS

High and Low in Screen Colony Mourn Passing of Mrs. Mollie Thompson

The film colony was shocked to learn of the passing, yesterday morning, of Mrs. Mollie Thompson, for many years casting director of the Hal Roach studios. Death was due to cerebral hemorrhage, coming almost without warning at 6 a.m.

She complained of a severe headache upon leaving the studio Monday evening. Soon after retiring she became unconscious and medical skill proved unavailing. She was 49 years of age.

Mrs. Thompson was a pioneer with Roach organization. Starting as a member of the producer's small stock company when he first entered the field, thirteen years ago, she appeared in support of Harold Lloyd in all his early successes. The studio was then housed in the old Bradbury home at Court and Hill streets. Later she was given the casting director's desk, which she held seven years.

Few of the screen players of Hollywood, of low or high degree, have not answered the call of Mollie Thompson. Many of the great ones freely attribute their start to her kindness and interest.

No funeral arrangements have as yet been made, pending receipt of word from distant relatives.

## Federal Judge Frees Boles in Arms Plot Case

Because a jury had found five other defendants not guilty and because of the nature of the testimony, Federal Judge Henning yesterday dismissed a charge of conspiracy to violate the Federal Neutrality Act against J. Ross Boles. It had been charged that Adolfo De La Huerta, former provisional President of Mexico and once Governor of Sonora, and four associates had planned to transport arms to the Yaqui Indians in Sonora to foster a revolution.

Boles became a government witness and was granted a separate trial. The five others were tried and acquitted by a jury in Judge Henning's court.

It was shown in the testimony that De La Huerta and his associates had merely transported arms to Nogales, Ariz., and had no intention to foster a revolution, but rather to maintain order in Nogales, Mex., in case of a Yaqui invasion.

## JUDGE TO DISCUSS LAW

Retirement of the law as it affects commercial transactions will be discussed by Superior Judge Tappan before the regular meeting of the Sales Managers' Association of Los Angeles at the Jonathan Club Tuesday, the 21st inst., at 6:30 p.m. H. C. McClellan will be toastmaster.

## MAN AUDITOR UNSHAKEN

Holds to Declaration That Numerous Irregularities Marked Records

The regular cross-examination yesterday of James K. Gregory, auditor of the Julian Petroleum case, his declaration that for the most part the records were unimpaired, was unshaken.

On the third day that the cross-examination of Gregory was in progress, the auditor came during the afternoon when he declared that the records were unimpaired, but that he had found numerous irregularities in the records.

Gregory was asked to produce the records of the Julian Petroleum case, and he declared that he had found numerous irregularities in the records.

## SHIP TO RETURN

Important testimony in the trial of the ten men charged with wrecking the company by overissuing and selling the spurious stock, is expected in the next few days when Schipp and Harris return to the stand as State's witnesses.

Chief Deputy Davis announced yesterday the men will be called before the week is out. Hugh Grant, former employee, and E. L. Wright, former stock clerk, will precede Harris and Schipp, but their testimony is to be a formality, the prosecutor said. Grant will be used to prove the election of S. C. Lewis, former president, and other officers of the company, as well as the company's minutes.

Cross-examination of Gregory will probably be completed by Neblett today and Joe Ford and Le Compté Davis, representing I. L. Rouse, have stated they will not cross-examine him. Hugh is to follow him on the stand, with Wright, Schipp and Harris following in the order named.

State Corporation Commissioner Friedlander appeared for a few minutes on the stand yesterday morning to give testimony that he had issued a permit to sell stock to the Julian company after their second supplemental permit was revoked July 8, 1928.

## Angeleno's Dog Takes First at New York Show

The honor of Los Angeles dogdom was upheld at Madison Square Garden yesterday by Clear the Way, a 14-month-old Boston Bull owned by Mrs. Helen Carrese and Los Angeles champion, who won first prize in his class yesterday at the New York show, according to word received by Mrs. Carrese from her husband, E. L. Carrese.

For many years Los Angeles dog fanciers have been sending entries east in hopes of attaining the honors won yesterday by Clear the Way, who lived up to his name.

The final championship contest is to be held today and it is hoped that Clear the Way will emerge grand champion again, as he did in the last dog show at the Ambassador.

## STEP TAKEN FOR TESTING WATER LAW

Pasadena in First Move for Forming District to Use Colorado Supply

By a "Times" Staff Correspondent PASADENA Feb. 14.—The first legal step toward the formation of the metropolitan water district of Southern California for the purpose of bringing Colorado River water to the Southland for domestic consumption was taken today by the Board of City Directors of Pasadena when they gave first reading to an ordinance which will result in a court test of the validity of the

## DRIVER GIVEN PROBATION

J. M. Kent, wealthy oil operator of 501 South Rosemore avenue, found guilty by a jury of reckless driving, was fined \$200 by Municipal Judge Blake yesterday, the fine being suspended and the defendant placed on probation for six months.

Kent was arrested on October 1, last, according to the testimony, after he had crashed into a car driven by T. R. Toulsey, 6777 Drexel avenue, at Wilshire and San Vicente Boulevards. Toulsey testified Kent told him Kent "could not be arrested, he was too big a taxpayer."

State's new Metropolitan Water District Act.

The cities which are expected to enter the district are Los Angeles, Pasadena, Arcadia, Beverly Hills, Burbank, Covina, Glendale, Glendora, San Marino, Santa Monica, Whittier, Anaheim, Fullerton, Orange, Santa Ana, Colton, Redlands, Ontario, San Bernardino and Riverside.

Before these cities decide at a general election next fall whether they will join the district, a "friendly suit" is planned to test the constitutionality of the new law. This will be started and taken directly to the State Supreme Court after City Clerk

## Burglar Drinks Up Church Wine

Breaking into the St. Anthony Croatian Church, 714 Alpine street yesterday, a burglar made away with the poor box containing a small amount of cash which had been donated for the needy.

The burglar paused long enough before leaving to drink up all the sacramental wine, which was kept in the church. Several similar church robberies were reported as the bench recently and it is believed that the same burglar may have transferred his activities to new scenes.

RABBI WILL LECTURE

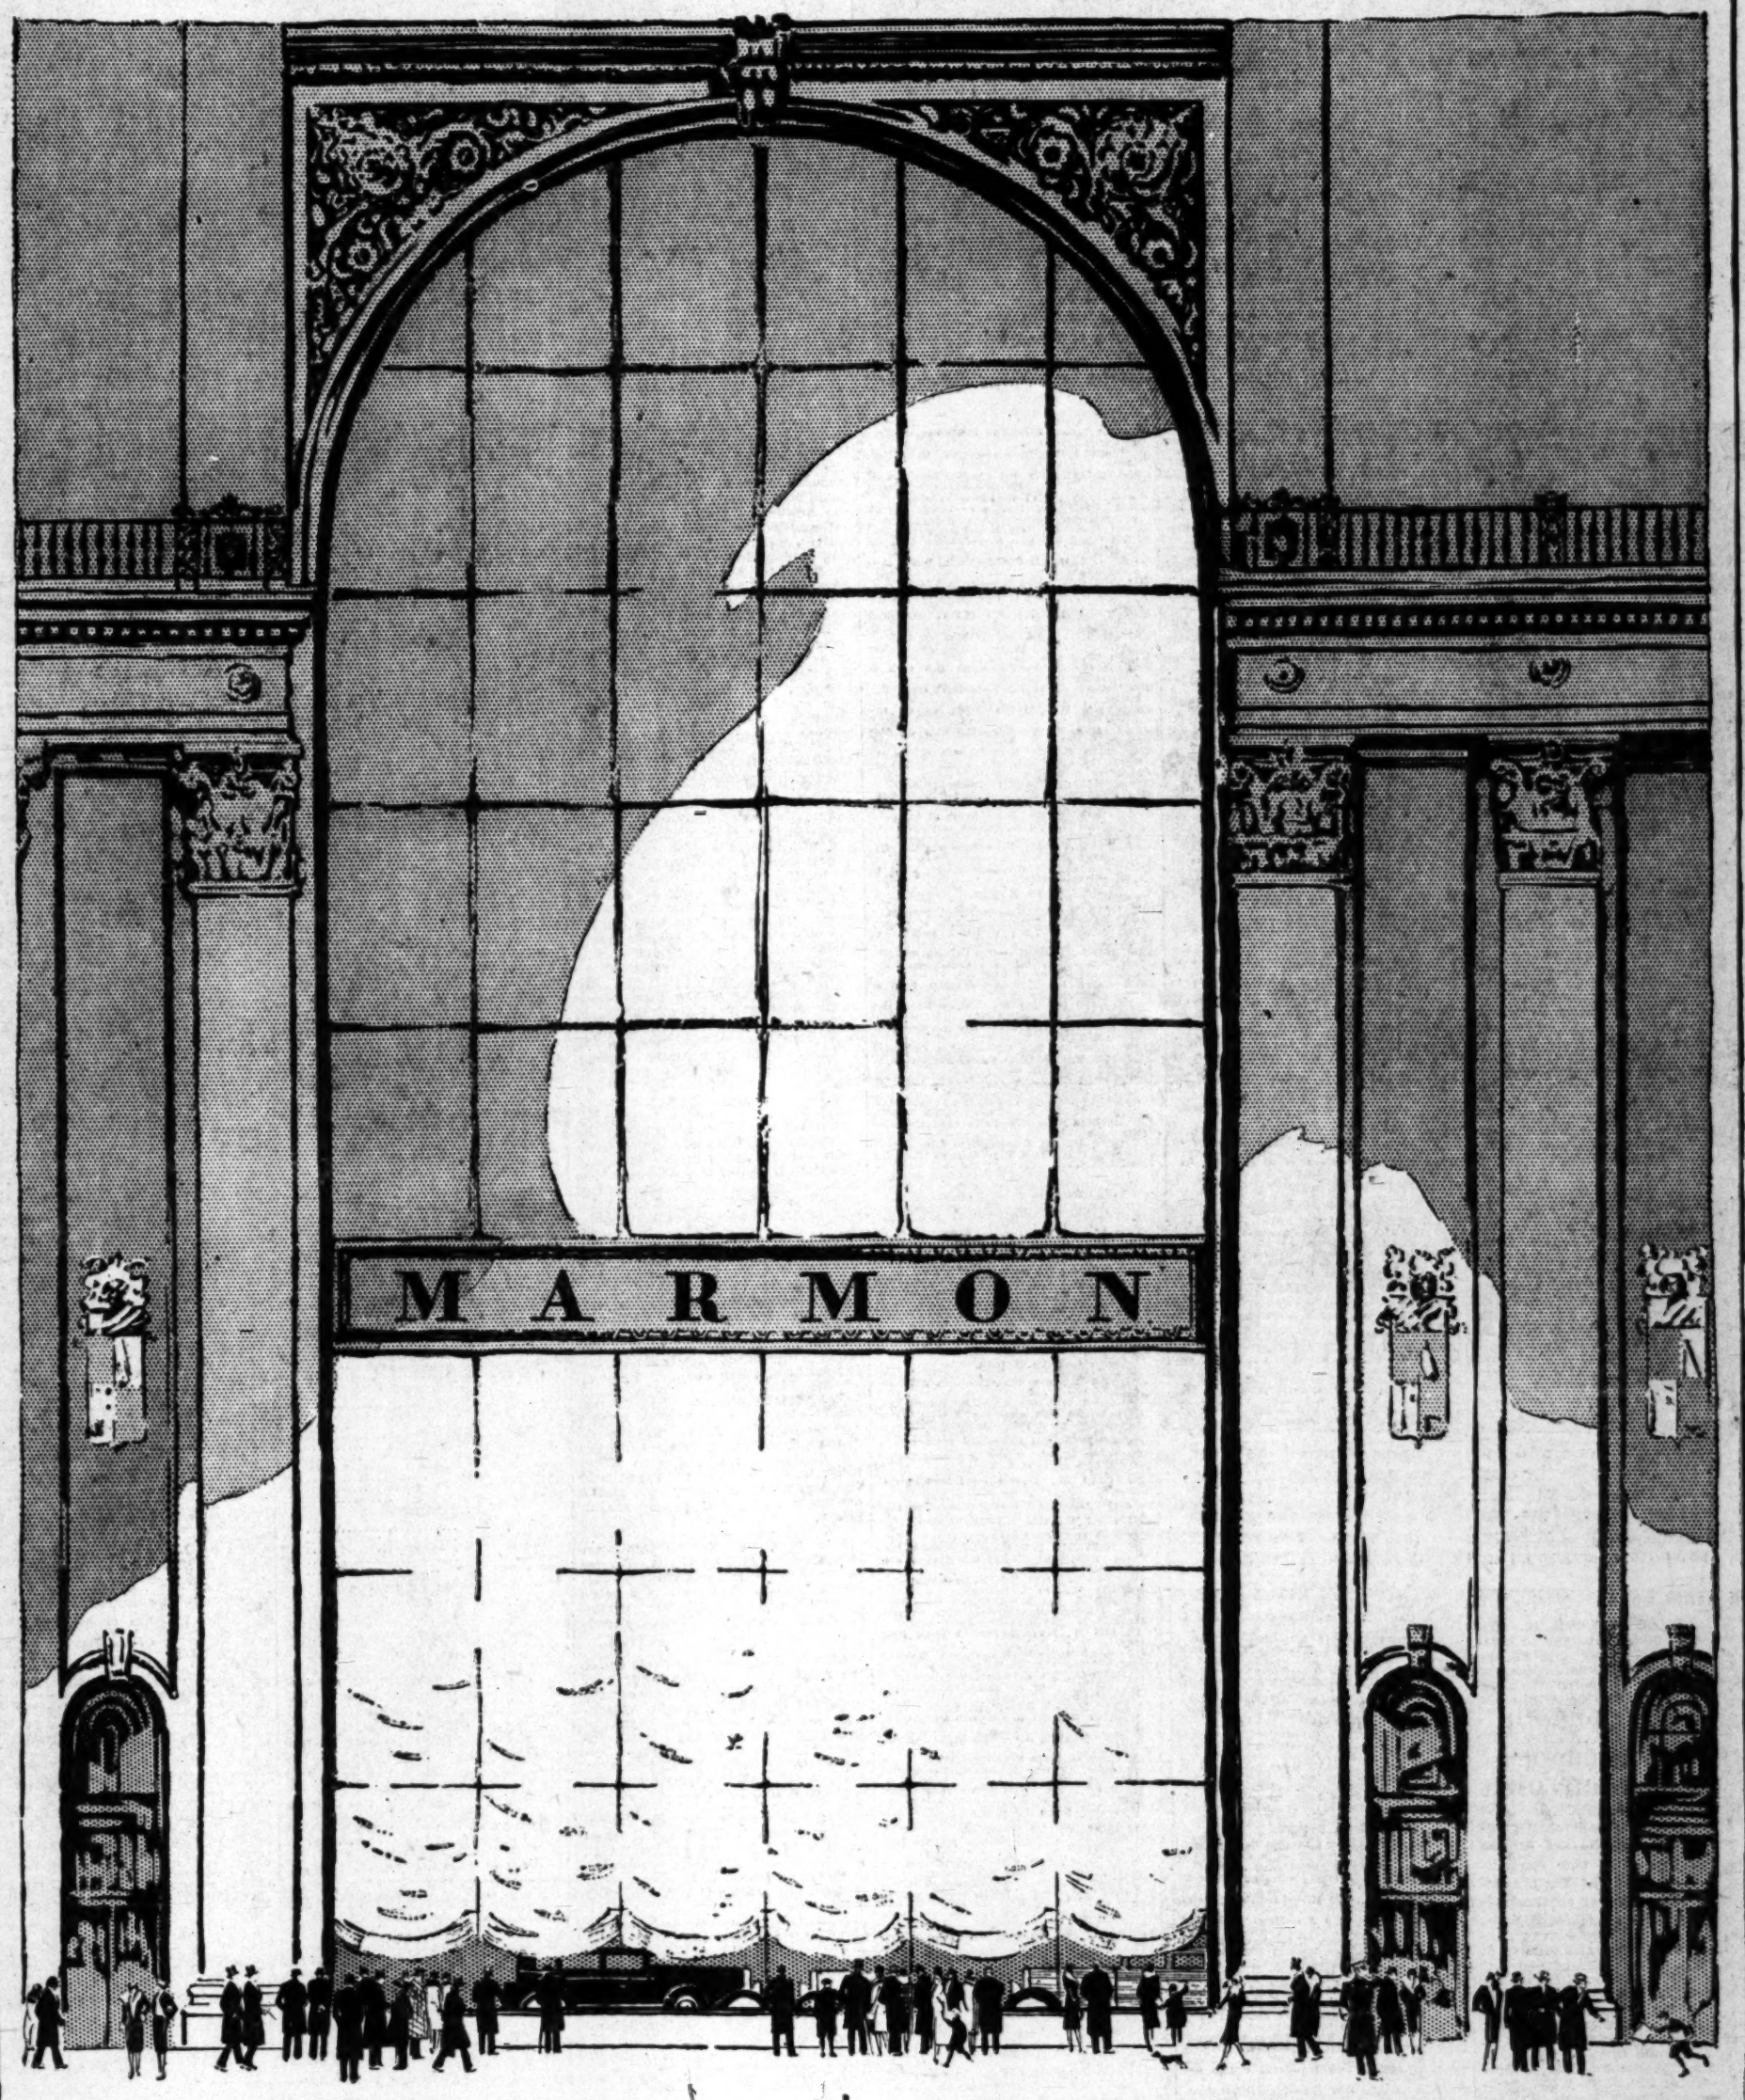

Rabbi Isadore Isaacson will give an address on "After Washington and Lincoln, What?" next Friday evening at Temple Israel, Vine and Lexington streets. Cantor M. Schragar will be in charge of the musical program.

## Six Selections Needed to Fill Grand Jury Box

Selection of six more members needed to fill the panel of the 1928 grand jury is scheduled to be made at 11 a.m. today by Superior Judge Hardy.

Thirteen men already have been selected tentatively, but Judge Hardy indicated yesterday that some of these may be excused today for various reasons. The new jury will be selected from a panel of thirty summoned to appear in court today.

Immediately after selection, the grand jury is expected to go into session, elect its foreman, form committees and prepare to assume its duties for the year.

Marmon will present next week a new and brilliant straight-eight—the New Marmon "68"—to be sold at the price of the average six—\$1395—a companion car to the new "78"—a straight-eight at \$1895 recently announced—and to the Famous Marmon "75." (Prices f.o.b. factory.)
